- Safe walking routes to school

Whitney Wright emailed about concerns that have been expressed to her about safe walking routes. Who is over Safe Walking Routes? Construction is a concern. Have SCC look at SRTS plan and make suggestions. Take more time on this next month. Whitney will talk to city to see if there are other paths being planned. Invite city planner to next meeting. School zone sign was moved further south due to parent feedback and city support.

Who maintains trails? Thorns are pushing kids to roads. City maintains those trails since there isn't an HOA.
