Prof. Dev. Day – No School

From the Principal...

Safety of our students is of great importance to us. Please help us with this concern by following these rules of safety:

- Use the drop off/drive through lanes properly.
- Never park and leave your car unattended in the drop off/drive through lanes.
- ALWAYS walk your child through the crosswalk to the sidewalk if you park in the lot.
- Never drive, park or walk through the bus zone. This applies to Kindergarten parents, too. There are aides stationed at the flag pole and in the kindergarten yard to assure your child's safety.
- When you are picking up your child, please be patient and pull into the drive through, do not pick your child up on the street.
- Remind your child to follow all safety rules at school:
 - When coming to or leaving school
 - On the playground
 - In the halls or in class

Taking a little extra time to follow these procedures may seem burdensome at times but as we all work together to follow them they will become good habits that will become second nature.

Attendance, every day, is crucial for children to get the most out of school. Of course, illness and other things require absences occasionally and we understand this. However, when a child is absent from class they miss important instruction which cannot be replicated. Even though they can do the homework for the lessons they missed, it is not a substitute for the actual instruction.

If your child does need to be absent, please remember to contact the office so the absence may be excused.

Student information that is updated and accurate is vital for the school to have in case of emergency. You may have done some of the steps of the update, such as internet permission and media release, but if you have not updated emergency information please do that now.

Remember to read everyday!

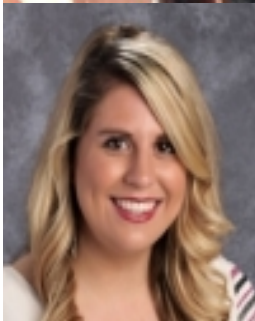

Welcome to Fox Hollow

We introduced you to some of our newest faculty members in August with a promise to introduce the rest of our team. They have helped us start the school year off with a bang, here they are!

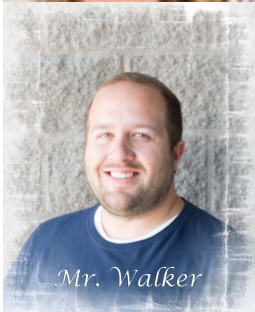

Tatiana Vincent – Life Skills

Mrs. Vincent grew up in Glendale, CA. She's been married for 24 years and has four kids of her own. Her oldest and only boy, Kolton, is currently living and serving people in Montana. She has three girls, Kourtney(16), Kaelyn(11) and Kylee(10). The two younger ones will be coming to Fox Hollow and are excited to finally go to school where mom works. In her free time, Mrs. Vincent loves to watch her kids play sports, do crafts, go out to eat and just be at the beach!

Rachel Cheney – Fifth Grade

Miss Cheney has always wanted to be a teacher. Fifth grade was her favorite grade in school and now she gets to teach it! Some of her favorite things to do for fun are dance, read, craft, watch movies, spending time outside and going to the beach. She also loves to travel and has been to many different places that have helped her learn more about the world around her. One of her top favorite vacation spots is Disneyland. Miss Cheney is excited for the year at Fox Hollow!

Samuel Walker - Art

Mr. Walker was born in Atlanta, GA but has lived most of his life here in Utah. He attended both UVU and BYU to become an art teacher. Though he's just starting, he's loving every minute of it! His wonderful wife teaches French at another elementary school. He loves all types of art and his wife would say he probably has a few too many hobbies, while he loves making painting and drawings, he would rather be making frames and furniture in his wood shop. Mr. Walker is so excited to be here and can't wait to see what the students here will teach him with all their creative minds!

Shari Eliason – Fifth Grade

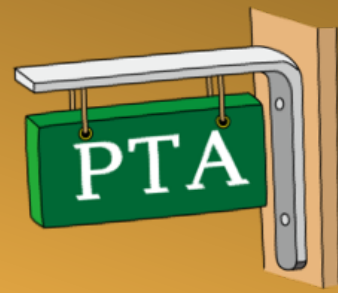

Mrs. Eliason grew up in Colorado Springs, but lived in many states growing up. She went to college in Idaho and also lived in Spain for 18 months. She moved to Utah almost three years ago for her first teaching jobs, where she taught fifth grade in Jordan School District. We are excited she made the move to Alpine School District and especially to Fox Hollow. Mrs. Eliason loves traveling, movies, concerts, hiking and any kind of an adventure. She's excited for her newest adventure in teaching here at Fox Hollow!

Mackenzie Wach – First Grade

Miss Wach was born in Springfield, OR. She moved nearly every year growing up but her family settled in Utah when she was 9, so she claims Utah as home. She spent time living on the Indian reservation in Montana and loves the culture she was able to learn and experience. Miss Wach spent time working as a CNA, during this time she also spent time in her mother's classroom. She loved the feeling of seeing the light in children's eyes when they understood and accomplished a task or concept. It made her want to be a teacher and foster the love for learning in more children's lives.

School is in full swing now and we, as a PTA board, have enjoyed seeing families at Back to School Night as well as working with Fox Hollow's teachers and staff to make plans for a great year. We have some fun family activities planned and the many great programs PTA is involved with are getting under way. Please read on to find out about dates to save and, as always, let us know if you would like to get involved!
