

Lehi Elementary School Community Council

The School Community Council is a group made up of administrators, teachers, and most importantly: parents like you! This group meets together several times each school year to plan ways to improve our school.

Every year, the State Legislators give schools in Utah money to improve academic performance. One of the most important duties of the School Community Council is to decide the best ways to spend that money.

At each School Community Council meeting, anyone is invited to come and share concerns about the school. Listed below are the meeting dates for this year. Each meeting is held in the Media Center at the school at 3:30. Coming to the School Community Council meetings is a great way to be involved!

MEETING DATES:

September 20, 2011

November 8, 2011

February 28, 2012

March 20, 2012
