April 26th Ridgeline Run!

April 29-May 21 CRT Testing

Principal's Message

Dear Parents,

It is April and springtime is here!

The school year is starting to get busier and busier as we get ready for our end of the year testing. We have had some great things that the students have participated in the past couple of months. We try to meet the needs of all of our students at Ridgeline. I thought that I would write about some of those amazing things that we have had going on here at Ridgeline.

We have tried to have some activities that extend the learning of some of our students. We just finished up our Knowledge Bowl last month. Our team was well prepared and did a fantastic job at the district competition. Congratulations to our students on that team and a big thank-you goes out to Amy Frandsen and Mr. Sessions for all of their hard work in preparing our students.

We have had our Battle of the Books competition going on all year and it concluded the beginning of March with our battles. The winner of the 5/6th grade battle went onto the district competition, which was held March 23. Congratulations to all of the teams that competed in the school competition. Students as a result of this program read many hundreds of books. We want to thank Mrs. McKinzie for all of her hard work this entire school year encouraging the students to read, organizing the battles and making sure everything went smooth the week of the competitions.

Another great program that we have going on at Ridgeline is our orchestra. We have 34 students that come early or stay after school every Thursday. Their teacher is Lauren Hodge and she is doing a wonderful job with helping the students gain an understanding of music and the string instrument. We want to thank her for all of her time and effort that she puts in to help this program be successful for our students.

Thank you for your support of Ridgeline and making it a great place to learn.

Ken Higgins,
Principal
