Excused—Lisa Taylor

Visitor-Lewis Young

Called to order at 3:45 p.m.

Welcome and review of the Minutes:

Jenny moved to approve the minutes, Natalie seconded the motion, all approved

Update and report

Mindy reported about the meeting held earlier that day with the Anti-Bullying Awareness Committee.

- She told us that though the attendance was only three people, the content of their discussion was very worthwhile, and important issues came to light.
- The next meeting for this committee will be on May 11 at 9:30
- We talked about how Ilene had compiled a list of bullying situations with a standardized plan for how to teach and intervene.
- Lewis told us what the typical components of a bullying situation were: There is an imbalance of power, at times there may be a repetitive occurrence of incidents, the bully uses fear or terror to control or victimize, taunting can occur
- Some of the difficulties can be that the report of being bullied is a subjective report from the victim.
- This was a very interesting and productive discussion

Principal Review--Budget

- Ilene showed us the current situation with our proposed and actual budget and expenditures:
- This is a table showing the proposed adjustments:

2017-2018 Budget	
Salary and Employee Benefits	30,193.00
Professional and Technical Services	24,011.00
Supplies	974.00
Textbooks	997.00
Equipment Hardware	41,964.00
Software	10,813.00
TOTAL	108,952.00

- Natalie moved that we make these adjustments needed to equalize the budget, per Ilene's spread sheet; Christina seconded the motion, all approved.

Principal Review--School Improvement Plan (review, revise and vote)

- Traverse Mountain Elementary School Improvement Plan is to concentrate on ELA for grades K-6, and add Math for grades 5-6
- We discussed the following percentages for improvement:
 - ELA, grades 4-6--1%
 - Math, grade 5--3%
 - Math, 6th grade--2%
- Natalie proposed that we adopt the proposed SIP, Janelle seconded the motion, all approved.
- There was a continuing discussion about the percentages, possibly shifting them, and a question about aides in the classrooms to help with math.
- It was suggested that grade level teams revisit the issue of percentages and make adjustments if desired.

Mindy's report about the Cluster Meeting

- She noted that Mr. Jarman was passionate about implementing technology more meaningfully in classrooms. He said there would be technology coaches to assist teachers.

Good News from Mr. Young:

- 21st century learning went to a pilot school where teachers had 2 years professional development before being expected to put things into practice

- Wiring was put in place for security cameras from the school fundraiser. District is giving us \$25,000 to put cameras in.
- Mother-Son activity was a lot of fun. Fantastic, meaningful and worthwhile!
- Lewis reported that he will be going to the new school in Eagle Mountain as an assistant principal
- Mindy commented how great our assistant principals and teachers have been

Next meeting will be April 10th

Meeting adjourned at 5:00 p.m.
