

Trust-Land Plan Report 2013-14

2013-2014 Trust-Land Plan/Goals:

- All above proficient students (4-6) will receive an SGP score of 50 or above in LA, Math and Science
- All below proficient students (4-6) will receive an SGP score of 50 or above in LA, Math and Science
- Provide quality tier 1 instruction
- Identify students using data (NWEA) and provide appropriate help and interventions for all of our students
- Use student data to drive academic decisions
- Provide appropriate help and support to our ELL students
- Strive to close the achievement gap for all students
- Windsor Received \$29,928 in Trust-Land money this year.

2012-2013 Trust-Land Summary:

- Purchased elmo's and projectors to assist in classroom tier 1 instruction
- Purchased Aides to assist teachers in instruction and learning
- Took a group of teachers to a literacy conference to help train and assist in improving student learning
- NWEA testing has been a great resource to assist in identifying areas of need for our students. The NWEA data has also been a great strength to assist teachers in their classroom instruction
- Our school double-dose and flex programs have been very effective and helpful to provide appropriate accommodations to our students
- As a school, we went from 81% proficient in LA in 2011-12 to 87% proficient in Language Arts in 2012-13.
