Shingles\*\*

[www.UtahCountyHealth.org/immunizations](http://www.UtahCountyHealth.org/immunizations)

\*Flu Mist has been recommended by the CDC for ages 2-49 and is available for healthy individuals between the ages of 2-49 (no asthma, diabetes, other chronic health conditions). All others qualify for flu shots.

\*\*Most insurance companies usually will not pay for shingles vaccine until you are over 60 years of age. We recommend you call your provider to verify coverage.

For those without insurance under age 19, cost of shots other than FluMist is \$16. For those without insurance over age 19, it is the actual cost of the vaccines, which varies.
